

What is OneUSG Connect?

What is OneUSG?

OneUSG is a systemwide initiative to develop and implement a consistent approach to policies, procedures and technology solutions that benefits all entities of the University System of Georgia (USG), in an effort to support the Chancellor's strategic imperative of accountability, efficiency and innovation.

Through OneUSG, the University System Offices and campuses are coming together to reduce costs, streamline processes, and have consistent guidelines and procedures with centralized support.

What is Human Capital Management?

The first priority for the OneUSG initiative is to bring all institutions onto one technology solution, a Human Capital Management (HCM) system, to manage USG human resource activities, benefits and compensation.

OneUSG Connect an application that is intended to help an organization manage and maintain its workforce. The major components OneUSG Connect – payroll services, talent management, human resources management, time and attendance, and benefits administration – are unified and integrated into a single system.

Functions of OneUSG Connect

Provides employees an online easy-to-use tool for leave requests, viewing and updating personal information, and submitting time sheets.

Generates time sheets and employee schedules, and creates payable time.

Provides manager's online, real-time tools including time approval, position reports and job information.

Creates paychecks for all employees with input from Absence Management and Time and Labor.

Provides HR practitioners working with job and position data for new hires, transfers, separations and retirements.

Assigns funding sources to a position or employee.

Manages and processes various types of leave.

Manages faculty-specific needs including tenure and events, such as presentations or publications.
