CALL TO ORDER: Alex Blazer, Presiding Officer of the 2018-2019 University Senate, called the meeting to order at 2:02 p.m.

CONSENT AGENDA:

Consent Agenda
Special Rule of Order
two-thirds vote required

II. Section 3.A.4.a. Consent Agenda. A consent agenda, known in Robert’s Rules of Order as a “consent calendar” (11th ed. p.361, III.11-32) may be presented by the Presiding Officer in advance of a regular meeting. Items listed are usually of a routine and uncontroversial nature. For each source committee, items emerging from that source committee are placed on the consent agenda by the Presiding Officer at the request of, and in consultation with, the chair of that source committee. The Presiding Officer may consult with the Executive Committee when setting the consent agenda. The consent agenda is taken up at a regular meeting prior to source committee reports. An item may be removed, without a stated reason, from the consent agenda at the request of any member. Removed items may be taken up either immediately after the consent agenda, placed later on the regular agenda, or added to a future meeting’s agenda at the discretion of the assembly. Items not removed from the consent agenda shall be considered collectively and without amendment or debate. A motion to approve the consent agenda requires a second and a two-thirds majority of those casting votes favoring adoption, assuming the presence of a quorum.

A consent agenda was available as an item of business listed on the meeting agenda and read as follows.

MOTION
1. Motion 1819.CON.003.O Revised Slate of Nominees 2018-2019
   • Cindy Bowen replaces Bob Orr as Chief Information Officer Designee on RPIPC effective 16 Jan 2019.

3. University Senate Meeting Minutes (01/25/2019)
A **MOTION** to adopt the consent agenda was made, seconded and approved by voice vote with no proposed extractions and no further discussion with no dissenting voice and only voting members of the university senate eligible to vote.

**AGENDA:** The agenda for this meeting was **approved as circulated** as item 2 of the consent agenda.

**MINUTES:** The minutes of the 25 Jan 2019 university senate meeting were **approved as posted** as item 3 of the consent agenda.

**PRESIDENT’S REPORT** – President Steve Dorman

1. **PREFACE** The last two weeks have been very difficult for everyone in our community. Each of these events, individually, is impactful to our community but all of these taken collectively have produced a sense of sadness and uncertainty. As has been noted, these difficult times have also served to remind us of the collective good we see in each other. And I want to acknowledge everyone who has responded in providing care and support for those directly impacted by the tragedies of the last two weeks. I also want to ask our faculty and staff to continue to be accommodating for those students directly impacted by these events. Counseling services are available if students, faculty or staff need this care. As difficult as these two weeks have been, I know that our collective good will, optimism and resilience will carry us through this. Updates regarding these events can be found at: [http://www.gcsu.edu/update](http://www.gcsu.edu/update)

2. **COLD & FLU SEASON** Just a reminder that it is cold and flu season. I hope that you all individually and collectively will take the measures to prevent the spread of viruses, cold and flu. These measures can be found at: [https://www.cdc.gov/flu/protect/habits/index.htm](https://www.cdc.gov/flu/protect/habits/index.htm)

3. **DR. CHRIS CLARK – FACULTY AWARD RECIPIENT** Dr. Chris Clark, Professor of Economics, was recently named a recipient of the 2018 Felton Jenkins Jr. Hall of Fame Faculty Award for the University System of Georgia. Selected by a panel of faculty and administrators from across the University System, Clark was unanimously recommended as this year’s winner. The committee noted: “Dr. Christopher Clark invites students across the university to explore economics through real world contexts, and through this pedagogy has inspired a number of students to pursue graduate study themselves. As a scholar-teacher, his research enters his classrooms, and his passion for economics inspires students across the disciplines.” Dr. Clark was recognized at the annual Regents’ Scholarship Gala on Friday, Feb. 8, 2019, in Atlanta.

4. **HOMECOMING** festivities kicked off earlier this week. On Wednesday morning, faculty and staff around campus displayed their school pride by participating in the 2019 Homecoming Door and Office Decorating Competitions. This year's theme was “Millywood,” and every participant did an outstanding job! Congratulations to the Accounting Services staff for winning the Office Decorating Competition and to Human Resources and Payroll Services for winning the Door Decorating Competition. The Homecoming concert, featuring JoJo and Moon Taxi, will take place tonight. Doors open at 7 p.m. Saturday morning, festivities will begin at 10:00 a.m. with the ribbon cutting for the National Panhellenic Council Plaza located on the Wilkinson Street side of Bell Hall. Please refer to the Homecoming page at [http://www.gcsu.edu/homecoming](http://www.gcsu.edu/homecoming) for additional events and details. Please be sure to document your fun times by using the hashtag #GChc19.

5. **PEABODY AUDITORIUM** Construction on this facility wraps up Monday, February 18. The A/V and furniture are scheduled to be installed over the next few weeks. The project is moving along, and this newly renovated space will be a great asset to our campus.

6. **25LIVE IMPLEMENTATION** The new space reservation system project, 25Live, is making great progress. Training sessions will be available with more details to follow in the coming months. Some initial service reservations will begin this summer. Full implementation, which will include classroom scheduling, is slated to be adopted in January 2020.

7. **POLICY REVISIONS** During the February 2019 Board of Regents meeting, revisions were made to the following BOR policies:
a. **Student Affairs**
   Board Policy 4.2 Undergraduate Admission, Board Policy 4.2.2 Admission Requirements for Undergraduate Programs Not Leading to a Baccalaureate Degree, and Board Policy 4.7 Appeals.

b. **Campus Affairs**
   Board Policy 6.26 Application for Discretionary Review

c. **Personnel**
   Board Policy 8.2.18.2 Conflicts of Interest and Conflicts of Commitment
   Board Policy 8.2.21 Employment Appeals

d. Because these policies were made by the BOR they automatically become Georgia College Policy as well. I encourage you to review the new policies that have been updated at:

8. **Faculty and Staff Salary Studies Update**
   Progress is being made with both the faculty and staff salary studies. We hope to address any necessary salary adjustments in January 2020, funding permitting.

9. **Multifactor Authentication is on the Way**
   A group of the GC leadership will begin using DUO with multifactor authentication (MFA) on February 20th. Eventually everyone on campus will use DUO-MFA for initial logging in. MFA will assist us in our efforts toward cyber security. I would recommend that the University Senate leadership invite someone from IT to address the university senate on this whole process in the near future. Until we do have campus-wide MFA, please be very careful what you click on in your email.

10. **Legislative Update (From Johnny Grant)**
    January 14 marked the beginning of the 2019 legislative session along with the Inauguration of a new Governor and a new Lieutenant Governor for Georgia.
    With new state leadership as well as many new legislators, the session got off to a slower start than usual, and one month later we stand at Day 16 of the 40 day session. Only eight bills have been introduced and assigned to the Higher Education committees for review. Those committees had organizational meetings last week and began hearings on legislation this week. The remaining legislative calendar was negotiated last week, and the final day of session, “Sine Die,” is scheduled for Tuesday, April 2.
    Last week, the Georgia House of Representatives completed work on minor revisions to the Amended FY2019 budget. The Senate is now working through the Amended budget while the House has begun review of the FY2020 Budget. The total FY2020 budget as recommended by Governor Kemp is $27.5 billion. Of that total, the higher education portion is $8.2 billion, an increase from last year of $147 million. Included in that recommended increase is Governor Kemp’s proposed 2% merit-based pay adjustment for state employees.
    The FY2020 Budget also includes $202.8 million in funding for capital projects within the University System. Of particular interest to Georgia College is the inclusion of $18.3 million for our new Integrated Science Center. While recommended by the Board of Regents and Governor Kemp, this funding must still be appropriated through action by both the House and Senate.

The new electronic system for submitting and tracking curricular proposals is now in place. All proposals can be easily located and tracked to determine progress and decisions. Relevant forms and resources are located on the GC Curriculum Approval website with url [http://www.gcsu.edu/provost/gc-curriculum-approval](http://www.gcsu.edu/provost/gc-curriculum-approval). Parts of this website are accessible only with unify credentials.

10. **Dual Enrollment Policy** At its February 5, 2019 meeting, the Cabinet approved the following change in Dual Enrollment eligibility at GC effective fall 2019.
    a. **Current Policy** Dual Enrollment is Georgia’s program that allows eligible high school students to earn college credit while working on their high school diploma. The new law streamlines the existing dual enrollment options (Move On When Ready, Accel, and HOPE Grant) into one program with one funding source. By consolidating the existing programs into a single program, it will be easier for students and parents to navigate and take advantage of the available options to enroll in college courses while still in high school. Students MUST complete the 9th grade and be on track to complete the Required High School Curriculum.
    b. **Proposed Policy** Dual Enrollment is Georgia’s program that allows eligible high school students to earn college credit while working on their high school diploma. The new law streamlines previous dual enrollment options (Move On When Ready, Accel, and HOPE Grant) into one program with one funding source. By consolidating the existing programs into a single program, it will be easier for students and parents to navigate and take advantage of the available options to enroll in college courses while still in high school. Students MUST complete the 10th grade and be on track to complete the Required High School Curriculum.

12. **Questions** When the Provost invited questions, one was forthcoming.
   a. Question: Is there an update on the status of the College of Business Dean Search?
      i. Response: That search is progressing. Specifically, a draft of the job advertisement is in preparation subject to search committee review. An RFP (Request for Proposals) to identify a consulting firm to support this search has been issued. Once a consulting firm is selected, the search committee will be formed and begin its work. This should occur by the end of April 2019.

**Unfinished Business:** There were no items of unfinished business.

**New Business:** There were two items of new business.

1. **Motion 1819.ECUS.001.B (Proposed Revisions to the University Senate Bylaws (Organizational Meetings))** On behalf of the committee, Alex Blazer, ECUS Chair, presented the motion to approve the proposed revisions to the University Senate Bylaws as outlined in the supporting documents.
   a. **Supporting Documents** Supporting documentation, accessible in the online motion database, was available for display on the big screen.
      i. *Bylaws Revisions - Organizational Meetings (2019-02-05).doc* An MSWord file containing the proposed revisions using Track Changes format.
      ii. *Bylaws Revisions - Organizational Meetings Summary (2019-02-05).docx* An MSWord file containing a summary of the proposed revisions to the university senate bylaws.
      iii. *Bylaws Revisions - Organizational Meetings (2019-02-05) Track Changes.pdf* A pdf file containing the proposed revisions using Track Changes format.
   b. **Contextual Information** Alex Blazer provided the following contextual information.
      i. This proposal grew out of the recommendations on modifications to the university senate proposed at the August 2018 governance retreat, and has been discussed, proposed, and developed over several meetings of the Executive Committee with Standing Committee Chairs.
      ii. A summary of the proposed changes is as follows.
         1) Shift the date for officer elections from *within 10 days of the University Senate organizational meeting* to ECUS selecting the date and publicizing it to the members of the standing committees.
   c. **Discussion** The following were points of discussion.
      i. What is the reason for this modification? In recent years, a number of the standing committee organizational meetings were canceled due to lack of quorum, so it seems the practice of scheduling these organizational meetings within ten days following the organizational meeting of the university senate should not be continued. The proposed revision to the university senate bylaws has the Executive Committee designating a time for these organizational meetings providing flexibility in setting the meeting time. In the short run, we anticipate the organizational meetings of the committees will be held during the August governance retreat committee breakout session.
   d. **Senate Action** Further deliberation including a vote on motion 1819.ECUS.001.B was **POSTPONED** to the next university senate meeting to comply with the university senate bylaws revision process that is quoted here.

VI. Section 3. Non-editorial Revisions. Motions regarding non-editorial revisions of these bylaws shall receive consideration at two consecutive regular meetings of the University Senate. At the first of these meetings, the motion shall receive a first reading wherein it is introduced by the
Executive Committee in compliance with VI. Section 2 and debated by the University Senate but may not be voted on. At the conclusion of this first reading, the motion must be postponed to the next regular meeting of the University Senate. At this next meeting, the motion shall receive a second reading wherein it shall receive disposition. Adoption of the motion shall occur with a two-thirds majority of those casting votes favoring adoption and upon approval of the University President.

2. **MOTION 1819. ECUS.002.B (PROPOSED REVISIONS TO THE UNIVERSITY SENATE BYLAWS (STANDING COMMITTEES))** On behalf of the committee, Alex Blazer, ECUS Chair, presented the motion To approve the proposed revisions to the University Senate Bylaws as outlined in the supporting documents.

a. **SUPPORTING DOCUMENTS** Supporting documentation, accessible in the online motion database, was available for display on the big screen.
   iii. *Bylaws Revisions - Standing Committees (2019-02-05) Track Changes.pdf* A pdf file containing the proposed revisions using Track Changes format.

b. **CONTEXTUAL INFORMATION** Alex Blazer provided the following contextual information.
   i. This proposal grew out of the recommendations on modifications to the university senate proposed at the August 2018 governance retreat, and has been discussed, proposed, and developed over several meetings of the Executive Committee with Standing Committee Chairs.
   ii. A summary of the proposed revisions comprising this motion was read into the record by Alex Blazer. Specifically,
      1) Dissolve Educational Assessment and Policy Committee, excise references throughout the bylaws, and renumber the sections accordingly.
      2) Include Educational Assessment and Policy Committee scope in Academic Policy Committee’s scope.
      3) Lower the number of Presidential Appointees from 5 (APC, EAPC, FAPC, RPIPC, SAPC) to 4 (APC, FAPC, RPIPC, SAPC).
      4) Lower the number of Senators by 1 (due to the Presidential Appointees adjustment)
      5) Increase the number of members on four standing committees (APC, FAPC, RPIPC, SAPC) from 13 to 14 in order to accommodate 6-8 Volunteers
         a) Presently, 5 standing committees (APC, EAPC, FAPC, RPIPC, SAPC), US has 13-15 volunteers per year.
         b) In the future, with 4 standing committees (APC, FAPC, RPIPC, SAPC)
            • 13 member committees accommodate 2-4 volunteers
            • 14 member committees accommodate 6-8 volunteers
            • 15 member committees accommodate 10-12 volunteers
            • 16 member committees accommodate 14-16 volunteers
         c) Increasing the number of Corps of Instruction positions on each standing committee (APC, FAPC, RPIPC, SAPC) by 1.

c. **DISCUSSION** The following were points of discussion.
   i. Just as a point of information, the recommendation for increasing the size of the standing committees from thirteen to fourteen was not favored by all members of the body (ECUS with Standing Committee Chairs). Is it possible to set the size of the standing committees to be no fewer than 13 members allowing more flexibility for the Subcommittee on Nominations to accommodate volunteers and satisfy other desirable qualities of the committees composition <e.g. at least one corps of instruction faculty member from each
academic unit (colleges, library) on each standing committee. Response: Yes, the university senate can choose to have this type of composition for its standing committees.

ii. What are volunteers? Volunteers are corps of instruction faculty members who are not serving as an elected faculty senator and who volunteer for a one year term of service on a standing committee.

iii. A downside to not proposing a maximum size of the committees is that committees could potential be stacked in favor of a particular academic unit (college, library).

iv. A maximum standing committee size could be fifteen members.

v. Was the scope of EAPC preserved and transferred to APC? Yes, it was. The draft of the proposed revision was reviewed noting that the APC scope (as proposed) includes the particular areas that comprised EAPC’s charge, specifically academic assessment policy.

vi. A Motion to Amend the proposed revisions to the university senate bylaws by setting limits on the size of the standing committees (APC, FAPC, RPIPC, SAPC), specifically a minimum size of thirteen members and a maximum size of fifteen members was proposed, seconded, and APPROVED with no further discussion and with a vocal minority expressing its dissent and only voting members of the university senators eligible to vote.

d. Senate Action Further deliberation including a vote on motion 1819.ECUS.002.B (as amended) was POSTPONED to the next university senate meeting to comply with the university senate bylaws revision process that is quoted here.

VI. Section 3. Non-editorial Revisions. Motions regarding non-editorial revisions of these bylaws shall receive consideration at two consecutive regular meetings of the University Senate. At the first of these meetings, the motion shall receive a first reading wherein it is introduced by the Executive Committee in compliance with VI. Section 2 and debated by the University Senate but may not be voted on. At the conclusion of this first reading, the motion must be postponed to the next regular meeting of the University Senate. At this next meeting, the motion shall receive a second reading wherein it shall receive disposition. Adoption of the motion shall occur with a two-thirds majority of those casting votes favoring adoption and upon approval of the University President.

She stated that the cultural center is receiving more attention from students and there is ongoing construction to provide them with more space in the HUB (Honoring, Uniting, Building). Dr. Milner stated that the biggest challenges of the cultural center to achieve its mission are visibility and formal funding. Also, the cultural center would like to partner with other departments on campus. It was recommended that a Diversity and Inclusion component be included in the freshmen seminar course.
      ii. **Bobcats.gcsu Email**
         1) The committee continued discussion on the students’ concern about their Bobcat E-mail addresses. The committee’s recollection from conversations with Dr. Bob
Orr is that for students to move their email domain from a google domain to a different one, they would have to give up their Google affiliation. This could result in SGA calling for a ballot for students to vote and reach a consensus.

2) The committee members thought that it will be very hard to get a consensus from students, so they terminated their discussion on this topic.

iii. Georgia College Early College
   1) The discussion on concerns that Georgia College Early College (GCEC) students do not feel welcome on campus continued.
   2) SGA added a new position dedicated to GCEC students in order to help improve the relationship between GCEC students and GC students.
   3) The recommendation that a Diversity and Inclusion component be included in the freshmen seminar course will also better prepare GC students to accept GCEC students on campus, and educate them on opportunities such as volunteer hours, tutoring, leadership, active learning, and diversity and inclusion activities offered by the GCEC program.
   4) SGA will meet with ambassadors of Executive Student Board to discuss with them again how to make GC students aware of the importance of GCEC students on Campus during campus tours.

iv. Questions? One question from the floor was posed and answered.
   1) Could you provide additional context of the committee rationale for terminating deliberation on the student email proposal? Yes, of course. The bobcats.gcsu.edu domain email addresses for students are implemented by Google, while the gcsu.edu domain addresses for employees are implemented by Microsoft. In short, the supporting functions provided by Google and Microsoft vary, and many students don’t want to surrender these Google support functions to migrate to the Microsoft-based domain. In addition, the committee expects that the challenges of implementing a survey of all students would be formidable and anticipates there would be no clear consensus in the survey responses.

**ANNOUNCEMENTS/ INFORMATION ITEMS:**

1. **Faculty Salary Review Task Force Update** – John Swinton (University Senate Representative)
   b. **2/6/2019: Philosophy of Current and Future Studies**
      Present: Craig Turner, Robert Blumenthal, Russ Williams, Neil Jones, John Swinton, Sallie Coke
      i. A brief discussion of what we could report concerning chair salaries ensued. Without ranges as CUPA provides for each faculty rank, the best we are likely to be able to report are suggestions based on our own policy (1.2 x full professor salary) and observations of median salaries from CUPA. We will see if we can get additional information when the new CUPA data come out.
      ii. Another option worthy of consideration is to take the chair salary (adjusted from fiscal year to academic year) and compare with the corresponding professor rank.
      iii. The attention of the Committee turned to guiding philosophies for this and future studies: The committee discussed a number of guiding principles. While it appeared that the committee was in agreement about a number of principles pertaining to the suggested target ranges for median salaries for each rank and CIP code job classification, later discussion revealed that a number of committee members felt uncomfortable sharing the deliberations at this point for fear that anything reported would be taken as a promise rather than discussion items. The two remaining points that the committee agreed upon are:
         1) Chairs/Deans should ultimately apply their professional judgement on allocation of salary increase pool monies to individual faculty members. Our suggestions focus on median salaries based on CIP codes relative to the market.
         2) There should be an annual report presented to the university community that provides the median GCSU salary for each rank and CIP code, and compares that salary with the 25th percentile, the median, and the 75th percentile salaries for that rank and CIP code from the annual CUPA data. This will demonstrate an ongoing commitment to fairness in faculty compensation and retention and allow future salary studies to make use of information about salary trends over time.
   c. **2/13/2019: Continued Discussion of Philosophy of Current and Future Studies**
      Present: Craig Turner, Robert Blumenthal, Russ Williams, Neil Jones, John Swinton, Sallie Coke
      i. Preliminary announcements:
         1) Russ informed the committee that Leadership intends to start implementation of any action stemming from the salary study in January of 2020. In part, this is to distinguish actions taken based on this study from merit increases. The implication is that we have until May 2019 to submit our completed study.
         2) Russ has also been in contact with representatives from CUPA-HR who believe they will be able to provide additional data concerning chair salary ranges. During the meeting Russ received a message indicating that analysts at CUPA-HR will work with us to try to get chair level data comparable to the data we are using for the rest of the study.
      ii. (Discussion concerning redacting portions of last meeting occurred here.)
iii. Discussion concerning treatment of time in rank: The committee reviewed the report developed by Columbus State. In their report, they suggested that it was appropriate to address the number of years a faculty member was in rank by adjusting their recommended salary adjustments with a fixed amount of money per year. We concluded that such an approach was not appropriate for us given that such an approach does not account for salary differentials observed in the data we are using. The committee recognized the constraint that there is no notion of cost of living adjustments within the University System. We also recognized that different individuals are likely to progress in their careers at different paces. And, given that chairs and deans will have discretion to allocate any merit raises based on their best assessment of meritorious achievement, we decided that the best approach to develop a systematic approach to compensation over time is to:

1) Maintain an annual assessment of where median salaries for each CIP code and rank at Georgia College compared with annual CUPA data. This is to ensure that salaries within rank and CIP code at Georgia College stay within acceptable bounds of the CUPA comparison data over time. And it will allow for an eventual assessment of the general trend in salaries over time to help predict future salary increase funding needs.

2) Note that over time allocations of annual merit raises should represent any individual faculty member’s accumulated effort to progress within her or his discipline. Thus, we would expect to see some variance in salaries within rank and CIP codes.

d. Questions When John Swinton invited questions, none were forthcoming.

2. UNIVERSITY CURRICULUM COMMITTEE (UCC) UPDATE – Lyndall Muschell (UCC Chair)
