Below is a proposed outline/table of contents for a break-out supplement from the comprehensive on-line Policies, Procedures and Practices Manual (PPPM). The break-out is an attempt to collect items from the PPPM that might be of greatest interest to faculty. It includes approximately 2/3 of the Administrative Affairs section of the PPPM and some entries from the Human Resources, Administrative Services, Information Technology, and University Advancement sections. The portions not included would still be available from the comprehensive on-line PPPM. Please note that many entries below have had their titles changed from the current on-line PPPM to better reflect their content and to allow a better organized alphabetical index. Version 4 differs from Version 3b in that it has most of the explanatory notes omitted. Version 3b retains the explanatory notes.

Faculty Handbook-Version 4
